PREAMBLE

To reduce the risk of future terrorist attacks; to honor the memories of the victims of the September 11 terrorist attacks by conducting a thorough search for facts to answer the many questions that their families and many Americans have raised; and to lay a basis for assessing the accountability of institutions and officials of government:

**THE SENATE SELECT COMMITTEE ON INTELLIGENCE
AND
HOUSE PERMANENT SELECT COMMITTEE ON INTELLIGENCE**

ADOPT THIS

INITIAL SCOPE OF JOINT INQUIRY

Pursuant to section 5(a)(1) of Senate Resolution 400, 94th Congress, Rule 6 of the Rules of Procedure of the Senate Select Committee on Intelligence, Rule XI(1)(b) of the Rules of the House of Representatives, and Rule 9 of the Rules of Procedure of the House Permanent Select Committee on Intelligence, the two Committees have authorized an investigation, to be conducted **as** a Joint Inquiry, into the Intelligence Community's activities before and after the September 11, 2001 terrorist attacks on the United States. The Committees have undertaken this Joint Inquiry pursuant to their responsibility to oversee and make continuing studies of the intelligence activities and programs of the United States Government and all other authority vested in the Committees.

The purpose of this Joint Inquiry **is** --

(a) to conduct an investigation into, and study of, all matters that may have any tendency to reveal the full facts about --

(1) the evolution of the international terrorist threat to the United States, the response of the United States Government including that of the Intelligence Community to international terrorism, from the creation of the Director of Central Intelligence's Counterterrorist Center in 1986 to the present, and what the Intelligence Community had, has, or should have learned from all sources of information, including any terrorist attacks or attempted ones, about the international terrorist threat to the United States;

(2) what the Intelligence Community knew prior to September 11 about the scope and nature of any possible attacks against the United States or United States interests by international terrorists, including by any of the hijackers or their associates, and what was done with that information;

(3) what the Intelligence Community has learned since the events of September 11 about the persons associated with those events, and whether any of that information suggests actions that could or should have been taken to learn of, or prevent, those events;

(4) whether any information developed before or after September 11 indicates systemic problems that may have impeded the Intelligence Community from learning of or preventing the attacks in advance, or that, if remedied, could help the Community identify and prevent such attacks in the future;

(5) how and to what degree the elements of the Intelligence Community have interacted with each other, as well as other parts of federal, state, and local governments with respect to identifying, tracking, assessing, and coping with international terrorist threats; as well as biological, chemical, radiological, or nuclear threats, whatever their source (such as the Anthrax attack of 2001).

(6) the ways in which the Intelligence Community's responses to past intelligence problems and challenges, whether or not related to international terrorism, have affected its counterterrorism efforts; and

(7) any other information that would enable the Joint Inquiry, and the Committees in the performance of their continuing responsibilities, to make such recommendations, including recommendations for new or amended legislation and any administrative or structural changes, or other actions, as they determine to be necessary or desirable to improve the ability of the Intelligence Community to learn of, and prevent, future international terrorist attacks; and

(b) to fulfill the Constitutional oversight and informing functions of the Congress with regard to the matters examined in the Joint Inquiry.
