**PRIVACY STATEMENT**

The disclosure of information in this plan could compromise the security of essential equipment, services, and systems of the Department of X or otherwise impart X's ability to carry out essential emergency responsibilities. Distribution of this NIMS Implementation Plan in its entirety is limited to those X associates who need to know the information in order to successfully activate and implement the plan.

Portions of this plan contain information that raises personal privacy or other concerns, and those portions may be exempt from mandatory disclosure under the Freedom of Information Act. See 5 U.S.C. §552, 41 C.F.R. Part 105-60.

Any decision to disclose information in this plan outside X or to withhold information in this plan from a non-X requester must be coordinated with the X's Office of the Executive Secretariat and with the Office of General Counsel.

**National Incident Management System (NIMS) Implementation Plan**

**FOREWORD**

In Homeland Security Presidential Directive (HSPD)-5, *Management of Domestic Incidents*, the President directed the Secretary of Homeland Security to develop, submit for review to the Homeland Security Council, and administer a National Incident Management System (NIMS). This system will provide a consistent Nationwide approach for Federal, State, local, and tribal governments to work effectively and efficiently together to prepare for, prevent, respond to, and recover from domestic incidents, regardless of cause, size, or complexity.

The NIMS enhances the management of domestic incidents by establishing a single, comprehensive system for incident management and will help achieve greater cooperation among Departments and agencies at all levels of government. Aside from the requirements of the HSPD, this Department possesses significant responsibility as a signatory to the National Response Plan (NRP). Implementing the NIMS strengthens each Department's capability and resolve to fulfill its responsibilities to the American people in times of emergency.

The following NIMS Implementation Plan will help ensure the Department has fully incorporated the NIMS into our emergency response plans, procedures, and policies. This plan also provides guidance for all divisions to ensure that all personnel are appropriately trained in the NIMS and prepared to effectively and efficiently execute the Department's duties under the NRP at all times.

---

Secretary  
Department of X

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

**SECTION I: GENERAL**

**I-1. Purpose**

This document establishes the Department of **X** NIMS Implementation Plan in order to ensure the Department complies with HSPD-5, *Management of Domestic Incidents*. HSPD-5 requires all Federal Departments and agencies to adopt the NIMS and use it in their individual domestic incident management and emergency prevention, preparedness, response, recovery, and mitigation activities, as well as in support of all actions taken to assist State or local entities. This plan also illustrates the intended methods of incorporation of the NIMS into the Department's plans, procedures, policies, and training programs.

**I-2. Authorities**

- a. **Please list the Department's authorities for implementing the NIMS.**

**I-3. References**

- a. Homeland Security Act of 2002.
- b. HSPD-5, *Management of Domestic Incidents*.
- c. HSPD-8, *National Preparedness*.
- d. DHS, *National Incident Management System*, March 1, 2004.

**I-4. Definitions**

Relevant definitions and terms are provided in Section V.

**I-5. Scope**

- a. This document outlines how the Department plans to implement the NIMS.
- b. The provisions of this document apply to all Departmental plans, procedures, policies, and training programs, including those fulfilling Emergency Support Functions under the National Response Plan (NRP) (see Section III).
- c. The provisions of this document apply to all sub-components (e.g., agencies, field offices, regional bureaus, response assets, etc.) of or operating under the jurisdiction of the Department.

**I-6. Responsibilities**

- a. The Office of the Secretary (or equivalent position [e.g., Attorney General]):
  - (1) **Please list the responsibilities of the Office of the Secretary in ensuring that the Department fully adopts all components of the NIMS.**

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

- b. Agency (or other major Departmental sub-component organization) Directors:
  - (1) Please list the responsibilities the Agency Directors have in ensuring that the agency fully adopts all components of the NIMS.
  
- c. All personnel with authority over emergency response programs:
  - (1) Please list supervisory personnel within the Department with a key role in implementing the NIMS. The organization is encouraged to use the following template to identify these personnel and their corresponding responsibilities.

| Position Title | Point of Contact | Office Telephone | Responsibilities to Ensure Full Adoption of the NIMS |
|----------------|------------------|------------------|--|
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |
|                |                  |                  |  |

**Figure I-1. Identification of Key Personnel**

## **SECTION II: CONCEPT OF IMPLEMENTATION**

The following concept of execution is recommended as a viable approach to NIMS implementation that will have minimal disruption on existing systems and processes.

### **II-1. The Phases of NIMS Adoption**

NIMS adoption will include four distinct phases. The first phase will be initial staff training, which will include completion of FEMA’s Emergency Management Institute independent study course on the NIMS, EMI IS-700. All supervisors with responsibility over operational assets will be accountable for ensuring that all employees are fully trained in the NIMS. The second phase will include evaluation of existing plans, policies, and procedures to identify aspects in need of augmentation for NIMS compliance. In particular, Emergency Operations Plans (EOPs) must be evaluated for NIMS incorporation.

The third phase will be modification of existing plans, procedures, and policies to reflect NIMS adoption. This includes modification of any emergency response plans in support of the NRP and any internal emergency plans such as COOP Plans. The fourth phase will verify achievement of the NIMS Integration Center’s standards, including certification and credentialing of employees (further guidance on both forthcoming) as well as conducting exercises to demonstrate compliance with the standards of the NIMS Integration Center. It is anticipated that the implementation phases will overlap in order to speed and strengthen the process.

**Phase I – Initial Staff Training .....2 months**

- a. EMI IS-195 – Basic Incident Command System
- b. EMI IS-700 – National Incident Management System
- c. Other relevant courses as determined by supervisors
- d. Internal training/tabletop exercises

**Phase II – Identification of Relevant Plans, Procedures, and Policies.....3 months**

- a. Plans, procedures, policies, and training programs that will require augmentation.

**Phase III – Modification of Existing Plans, Procedures, and Policies .....9 months**

- a. Emergency response plans, including those that fulfill Emergency Support Functions under the NRP and internal response plans, such as COOP Plans and EOPs, must be modified to adopt NIMS principles and language.
- b. Enhance/modify training programs to institutionalize NIMS.
- c. Process includes modification, testing, refinement, and implementation.

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

**Phase IV – Supporting NIMS Integration Center Standards.....3 months**

- a. Credentialing and certification of personnel and equipment.
- b. Conducting validation exercises.

Following this schedule will ensure the Department meets the September 2005 deadline for NIMS adoption.

|           | Sep 2004 | Oct 2004 | Nov 2004 | Dec 2004 | Jan 2005 | Feb 2005 | Mar 2005 | Apr 2005 | May 2005 | Jun 2005 | Jul 2005 | Aug 2005 | Sep 2005 |
|-----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|----------|
| Phase I   |          |          |          |          |          |          |          |          |          |          |          |          |          |
| Phase II  |          |          |          |          |          |          |          |          |          |          |          |          |          |
| Phase III |          |          |          |          |          |          |          |          |          |          |          |          |          |
| Phase IV  |          |          |          |          |          |          |          |          |          |          |          |          |          |

**Figure II-1. Expected NIMS Implementation Timeline**

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

**SECTION III: STAFF TRAINING**

**III-1. Identification of Initial Training Components**

The Department is encouraged to use the following tables to identify the training employees will receive relevant to NIMS implementation. The highlighted courses are recommended. The first table reflects the training requirements for all Departmental employees and the second reflects the training requirements for employees with additional emergency response duties.

The following table illustrates the training **ALL** employees will receive relevant to NIMS implementation, including internal training, such as tabletop exercises.

| Training Course/Internal Training              | Expected Completion Date |
|--|--------------------------|
| EMI IS-700 National Incident Management System |                          |
|  |                          |
|  |                          |
|  |                          |
|  |                          |

**Figure III-1. Training Requirements for All Employees**

The following table illustrates the training all employees with duties that directly or indirectly involve or support domestic incident management will receive relevant to NIMS implementation, including internal training, such as tabletop exercises.

| Training Course/Internal Training              | Expected Completion Date |
|--|--------------------------|
| EMI IS-195 Base Incident Management System     |                          |
| EMI IS-700 National Incident Management System |                          |
|  |                          |
|  |                          |
|  |                          |

**Figure III-2. Training Requirements for Employees with Emergency Response Duties**

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

**III-2. Incorporation of NIMS into Current Training Programs**

The Department may prefer including training programs for all regional entities, field components, and geographically dispersed response teams in one table. Alternatively, a second chart is provided if the Department prefers to delineate headquarters personnel from regional staff and their corresponding training programs.

In addition to new training courses, workshops, and exercises that should be conducted to facilitate NIMS adoption, current training programs will be enhanced/modified to permanently incorporate the NIMS and ensure continued NIMS education. The following table lists current training programs and the methods by which NIMS will be integrated into the regimen.

| Current Training Program | Strategy for NIMS Incorporation | Completion Date |
|--------------------------|---------------------------------|-----------------|
|                          |                                 |                 |
|                          |                                 |                 |
|                          |                                 |                 |
|                          |                                 |                 |
|                          |                                 |                 |
|                          |                                 |                 |

**Figure III-3. Current Training Programs**

While the NIMS Integration Center is only requesting a list of regional components and a timeline for the adoption of NIMS into their training, the Department is encouraged to request, collect, and verify each entities' strategy for NIMS adoption.

The following table illustrates the various regional components of the Department and the expected completion date for integrating NIMS into their training programs.

| Regional Bureau or Field Office | Expected Completion Date for Incorporation of NIMS into Training Programs |
|---------------------------------|---|
|                                 |   |
|                                 |   |
|                                 |   |
|                                 |   |
|                                 |   |
|                                 |   |

**SECTION IV: MODIFICATION OF PLANS, PROCEDURES,  
AND POLICIES**

**IV-1. Identification of Plans, Procedures, and Policies**

The following chart identifies plans, procedures, and policies requiring enhancement/modification to reflect full adoption of the NIMS.

| Agency Name | Point of Contact | Office Telephone | E-Mail Address | Plan, Procedure, or Policy |
|-------------|------------------|------------------|----------------|----------------------------|
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |

**Figure IV-1. Identification of Plans, Procedures, and Policies**

**IV-2. Modification Schedule**

The following chart documents when the above-listed plans, procedures, and policies will reflect full NIMS adoption. **(Please see the example Schedule provided in Annex B.)**

| Agency Name | Plan, Procedure, or Policy | Strategy for NIMS Implementation | Adoption Date |
|-------------|----------------------------|----------------------------------|---------------|
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |
|             |                            |                                  |               |

**Figure IV-2. Schedule for Modification of Existing Plans, Policies, and Procedures**

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

**IV-3. Resource Management**

The NIMS emphasizes the importance of maintaining accurate and up-to-date information on resource management and use as a critical component of domestic incident management. Refer to FEMA’s National Mutual Aid and Resource Management Initiative for the basis to type, inventory, order and track Federal, State, and local assets to support equipment and personnel compatibility required for mutual aid agreements. Resource typing definitions for 120 of the most commonly requested response resources are available at:

[www.fema.gov/nims/mutual\\_aid.shtm](http://www.fema.gov/nims/mutual_aid.shtm).

Federal Departments and agencies should develop and/or update their resource inventories in accordance with the typed definitions. For resources that have not yet been typed, resources should be defined by capacity and capability in accordance with the established resource typing methodology. Up-to-date inventories of response assets are critical to an effective NIMS.

The following chart indicates the strategy and timeframe for developing or updating a comprehensive inventory of response resources.

| Agency Name | Strategy for Resource Inventory Development | Timeline for Completion |
|-------------|---|-------------------------|
|             |   |                         |
|             |   |                         |
|             |   |                         |
|             |   |                         |
|             |   |                         |
|             |   |                         |

**SECTION V: EMERGENCY OPERATIONS PLANS (EOPS)**

**V-1. Identification of Emergency Operations Plans**

The following template identifies all existing EOPs.

| Agency Name | Point of Contact | Office Telephone | E-Mail Address | Plan, Procedure, or Policy |
|-------------|------------------|------------------|----------------|----------------------------|
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |
|             |                  |                  |                |                            |

**Figure V-1. Identification of EOPs**

**V-2. NIMS Guidance**

The Department is encouraged to use the following checklist to track its progress of enhancing its EOPs to reflect full NIMS adoption. A different checklist should be used for each EOP.

The following checklist was adopted directly from the NIMS (NIMS, Chapter III, Section B-2-a-1, page 35) and illustrates the status of NIMS incorporation into the Department's EOPs.

**FOR OFFICIAL USE ONLY**  
**TEMPLATE**

| EOP Title  | Checklist                | Adoption Date |
|--|--------------------------|---------------|
| Defines the scope of preparedness and incident management activities necessary for the jurisdiction.   | <input type="checkbox"/> |               |
| Describes organizational structures, roles and responsibilities, policies, and protocols for providing emergency support.                      | <input type="checkbox"/> |               |
| Facilitates response and short-term recovery activities.   | <input type="checkbox"/> |               |
| Is flexible enough to use in all emergencies.  | <input type="checkbox"/> |               |
| Describes the EOP purpose.   | <input type="checkbox"/> |               |
| Describes the EOP situation and assumptions.   | <input type="checkbox"/> |               |
| Describes the EOP concept of operations.   | <input type="checkbox"/> |               |
| Describes the EOP organization and assignment of responsibilities.   | <input type="checkbox"/> |               |
| Describes the administration and logistics of the EOP.   | <input type="checkbox"/> |               |
| Describes EOP development and maintenance.   | <input type="checkbox"/> |               |
| Describes the EOP authorities and references.  | <input type="checkbox"/> |               |
| Contains functional annexes.   | <input type="checkbox"/> |               |
| Contains hazard-specific appendices.   | <input type="checkbox"/> |               |
| Contains a glossary.   | <input type="checkbox"/> |               |
| Pre-designates jurisdictional and/or functional area representatives to the Incident Commander (IC) or Unified Command (UC) whenever possible. | <input type="checkbox"/> |               |
| Includes preincident and postincident public awareness, education, and communications plans and protocols.                                     | <input type="checkbox"/> |               |

**ANNEX A**

**Relationship between the National Response Plan (NRP) and  
the National Incident Management System (NIMS)**

**A-1. Background**

The NRP details its reliance on NIMS operating principles and protocols in applying Federal support to incidents of national significance. Together, the NRP and the NIMS integrate the resources of jurisdictions, incident management and emergency response disciplines, non-governmental organizations, and the private-sector into a seamless national framework for domestic incident response.

The NIMS establishes a uniform system for incident management. The NRP serves as the core operational plan for national incident management, establishing national-level coordinating structures, processes, and protocols that must be incorporated into existing Federal interagency incident plans.

**A-2. General Comparison**

The following chart outlines the core elements of the NIMS and the NRP.

| <b>NIMS</b>  | <b>NRP</b>  |
|--|---|
| <b>Purpose</b>   |   |
| Nationwide approach to domestic incident management; applicable at all jurisdictional levels and across functional disciplines in an all-hazards context. It is not an operational incident management or resource allocation plan.  | Core operational plan for national incident management. Establishes national-level coordinating structures, mechanisms for national-level policy and operational coordination for domestic incident management that must be incorporated into existing Federal interagency incident plans.  |
| <b>Components</b>  |   |
| Command and Management, Preparedness, Resource Management, Communications/ Information Management, Supporting Technologies, Ongoing Management and Maintenance.  | Base Plan – including Planning considerations, Roles and Responsibilities, Concept of Operations, Incident Management Actions, Plan Management and Maintenance, Emergency Support Functions Annexes, Support Annexes, Incident Annexes.   |
| <b>Applicability</b>   |   |
| The NIMS is applicable across all levels of government and emergency disciplines, and nongovernmental and private-sector organizations. HSPD-5 requires all Federal agencies to adopt the NIMS. Adoption of NIMS by State and local organizations is a condition of Federal preparedness assistance. | The NRP is applicable to all Federal Departments and agencies that may be requested to provide assistance in actual or potential incidents of national significance that require a coordinated and effective response by an appropriate combination of Federal, State, local, tribal, private-sector, and nongovernmental entities. |
