Executing the Maritime Strategy

"Our commitment to the Western Pacific and the Indian Ocean and Arabian Gulf region is unquestioned. The presence that we enjoy in the western Pacific is greatly facilitated by the fact that we have a forward deployed force there. And so that force structure, I believe, is key to the safety, the security and the stability of Asia."

- Chief of Naval Operations Adm. Gary Roughead

Around the world, the Navy is executing the core capabilities of the Maritime Strategy; examples from June include:

Forward Presence
