The President today declared a major disaster exists in the State of New Hampshire and ordered federal aid to supplement state and local recovery efforts in the area affected by Tropical Storm Irene beginning on August 26, 2011, and continuing.

Federal funding is available to state and eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by the Tropical Storm Irene in Carroll, Coos, Grafton, and Merrimack Counties.

Federal funding is also available on a cost-sharing basis for hazard mitigation measures statewide.

W. Craig Fugate, Administrator, Federal Emergency Management Agency (FEMA), Department of Homeland Security, named Albert Lewis as the Federal Coordinating Officer for federal recovery operations in the affected area.

FEMA said that damage surveys are continuing in other areas, and additional counties may be designated for assistance after the assessments are fully completed.
