Notes: BA = budget authority; HHS = Department of Health and Human Services; VA = Department of Veterans Affairs, HUD = Department of Housing and Urban Development.

2014 current status includes budget authority and outlays resulting from prior year appropriations. It reflects the latest stage of action, starting with the committee-reported stage.

Detail may not add to totals due to rounding.

The Budget Control Act of 2011 (P.L. 112-25) imposes caps on appropriations of new discretionary budget authority. This law allows for adjustments to the discretionary caps (and allows the House Committee on the Budget to adjust the 302(b) allocation for appropriations provided for certain purposes). Funding for overseas contingencies and funding designated as an emergency requirement would lead to an increase in the caps. (Pursuant to section 105 of the Act, in the House of Representatives, funding designated as an emergency requirement shall not count for purposes of title III and IV of the Congressional Budget and Impoundment Control Act of 1974.) The caps would also be increased for disaster relief funding, but the adjustments would be limited on the basis of historical averages for such funding. In addition, the caps would be increased for program integrity funding, up to the limits provided in the Budget Control Act.

1. On March 21, 2013, the house agreed to H. Con. Res. 25, the Concurrent Resolution on the Budget for Fiscal Year 2014. Section 3 of H. Res. 243, passed on June 4, 2013, provided that H. Con. Res. 25 shall have force and effect in the House, pending the adoption of a conference report on the resolution. Also on June 4, the House Committee on Appropriations filed their first 302(b) allocation for 2014. On July 8, 2013, the House Committee on the Budget filed revisions to the aggregate budget levels and discretionary committee allocation consistent with a technical correction outlined by OMB in the 2014 Preview Report (corrected version, May 20, 2013). The House Committee on Appropriations also updated their 302(b) allocation on that date.
2. Pursuant to section 314(d) of the Congressional Budget and Impoundment Control Act of 1974, amounts designated as an emergency requirement for FY 2013 shall not count for purposes of Sec. 302(b) of the Congressional Budget Act. Therefore, they are excluded from the current status totals.
3. Pursuant to section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985. Disaster funding and program integrity are included in the "general purpose" columns of the table. Emergency requirements are not included in the table (see footnote 2).
