

Lessons Learned Information Sharing

www.LLIS.gov

LLIS Colleagues,

I am writing to announce the launch of the *LLIS.gov* resource page for the **[National Strategy for Pandemic Influenza](#)**. The **[National Strategy for Pandemic Influenza](#)** page serves as a repository of pandemic influenza plans and policies from all levels of government, including international and is intended to help jurisdictions prepare for, respond to, and recover from an influenza pandemic or other public health emergency. The resource page also includes the most up-to-date information on the White House's Implementation Plan Status, as well as links to the World Health Organization's Epidemic and Pandemic Alert and Response Web site and *LLIS.gov*'s **[Pandemic Influenza page](#)**.

We welcome any thoughts, questions, or suggestions that you may have at pandemicflu@llis.dhs.gov. We also encourage you to submit your pandemic influenza plans, after-action reports, or other relevant documents for posting on *LLIS.gov*.

Thanks,
John L. Rabin
LLIS.gov Program Director
