**H.R. 1258
HSA Technical Corrections Act**

*As ordered reported by the House Committee on Homeland Security
on March 8, 2017*

H.R. 1258 would amend the Homeland Security Act of 2002 by making technical corrections to that act, including striking provisions related to obsolete offices and outdated reporting requirements. CBO estimates that implementing H.R. 1258 would have no significant cost to the federal government.

Enacting the legislation would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply. CBO estimates that enacting H.R. 1258 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2028.

H.R. 1258 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Mark Grabowicz. The estimate was approved by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
