

H.R. 1618, the Nicholas and Zachary Burt Carbon Monoxide Poisoning Prevention Act of 2019

As ordered reported by the House Committee on Energy and Commerce on July 17, 2019

By Fiscal Year, Millions of Dollars	2019	2019-2024	2019-2029
Direct Spending (Outlays)	0	0	0
Revenues	0	0	0
Increase or Decrease (-) in the Deficit	0	0	0
Spending Subject to Appropriation (Outlays)	0	8	[not estimated]
Statutory pay-as-you-go procedures apply?	No	Mandate Effects	
Increases on-budget deficits in any of the four consecutive 10-year periods beginning in 2030?	No	Contains intergovernmental mandate?	No
		Contains private-sector mandate?	No

H.R. 1618 would authorize \$2 million for each year over the 2020-2024 period for the Nicholas and Zachary Burt Memorial grant program, which provides assistance to states carrying out prevention activities for carbon monoxide poisoning. The legislation also would require the Consumer Product Safety Commission to submit a report to the Congress that evaluates the implementation of the grant program no later than one year after each fiscal year for which grants are awarded. Based on historical spending for similar activities, CBO estimates that this grant program would cost \$8 million over the 2020-2024 period, assuming appropriation of the authorized amounts.

The CBO staff contact for this estimate is Philippa Haven. The estimate was reviewed by Leo Lex, Deputy Assistant Director for Budget Analysis.
