

# Coronavirus Pandemic

## Whole-of-America Response

---

### Medical Supplies and Equipment

- As of **July 24**, FEMA, HHS, and the private sector coordinated delivery of or are currently shipping: **196.5** million N95 respirators, **815.6** million surgical masks, **34.8** million face shields, **354.2** million surgical gowns/coveralls and over **20.8** billion gloves.
- As of **July 28**, FEMA delivered **30,281** medical supplies to nursing homes to 52 states and territories.
  - [FEMA coordinated two shipments](#) totaling a 14-day supply of personal protective equipment to all 15,400 Medicaid and Medicare-certified nursing homes.
  - Shipments are meant to supplement existing efforts to provide equipment to nursing homes.
- In support of the U.S. Department of Veterans Affairs, FEMA coordinated shipments of more than **8.1** million N95 respirator masks, **500,000** surgical masks, more than **3.3** million gloves, **595,360** face shields and **30,000** surgical gowns to facilities across the country.
- As of **July 28**, the federal government has approximately **72,066** total ventilators available in the Strategic National Stockpile.
- To date, FEMA, HHS, and the Department of Homeland Security (DHS) Cybersecurity Infrastructure and Security Agency (CISA), along with other federal agencies, processed and distributed nearly **350** million cloth face coverings
  - Nearly **150** million of those went to critical infrastructure workers, others went to State, Tribal, Territorial, Voluntary Organizations Active in Disasters (VOAD) partners/stakeholders and other government partners.

### Testing

- As of **July 28**, CDC, state, local public health labs and other laboratories have tested more than **57.2** million samples.
  - As of **July 28**, the FDA issued **193** individual [emergency use authorizations](#) for test kit manufacturers and laboratories, including **33** antibody tests and **two** antigen tests.
- To support the Administration's [Testing Blueprint](#), FEMA sources and procures testing material – specifically, testing swabs and transport media.
  - As of **July 29**, FEMA procured and delivered more than **41.8** million swabs and **32.8** million units of media.
  - FEMA will provide FEMA-sourced material to states, territories and tribes for a limited duration to help increase testing capacity in support of their individualized plans.

- As of **July 28**, **394,952** samples were collected at federally supported [Community-Based Testing Sites](#) and **1.2 million** samples were processed at public-private partnership testing sites.
  - Out of 41 original Community-Based Testing Sites, **4** will continue to operate as federally supported sites, **25** have transitioned to state management, and **12** have closed in consultation with the states.
  - HHS has established a public-private partnership with pharmacy and retail companies to accelerate testing. To find locations, visit the COVID-19 Community-Based Testing Site page.
  - As of July 28, under the CBTS public-private partnership, there are currently **689** live sites in 48 states and Washington, D.C. conducting testing.

## Federal Funding

- As of **July 24**, FEMA and HHS (combined) obligated **\$150.4** billion in support of COVID-19 efforts.
- As of **July 27**, all 50 states, five territories, the Seminole Tribe of Florida and Washington, D.C. were approved for major disaster declarations to assist with additional needs identified.
  - As of July 27, there are **87** tribes working directly with FEMA. One tribe, the Seminole Tribe of Florida (STOF) is, a direct recipient with a major disaster and an emergency declaration, **43** tribes that are direct recipients with emergency declarations and **43** tribes that are recipients under state declarations.
  - A tribal government may choose to be a subrecipient under a state that has chosen to be a recipient of FEMA assistance, or choose to be a direct recipient of FEMA.
- As of **July 24**, FEMA obligated **\$8.7** billion in support of COVID-19 efforts. This support includes:
  - Emergency Food and Shelter: \$200 million
  - Temporary Medical Facilities including medical personnel, mortuary and ambulance services: \$2.3 billion
  - PPE including medical supplies and pharmaceuticals: \$2.8 billion
  - National Guard: \$1.7 billion
  - Public Assistance Emergency Protective Measures (Non-PPE): \$1.5 billion
  - Commodities: \$27 million
  - Crisis Counseling: \$58 million

## Additional Federal Support

- As of **July 29**, FEMA has **2,149** employees supporting COVID-19 pandemic response out of a total **20,831** agency employees ready to respond to other emergencies should they occur.
- To date, the President has approved **50** National Guard requests for federal support for the use of National Guard personnel in a Title 32 duty status through **August 21**.
  - As of July 28, **23,598** National Guard troops have activated in T-32 duty status and **298** troops have activated in State Active Duty status to help with testing and other response efforts.
- As of **July 23**, **6,061** CDC personnel supporting the outbreak response.
- As of **July 28**, HHS has **409** personnel supporting the outbreak response.
- As of **July 29**, **98** agencies across **29** states, the District of Columbia, three tribes and **one** U.S. territory have used FEMA's Integrated Public Alert and Warning System (IPAWS) to send a total of **372** alerts containing information on COVID-19 to cell phones and other wireless devices via the

BY THE NUMBERS: COVID-19 WHOLE-OF-AMERICA RESPONSE

Wireless Emergency Alert system, and **80** alerts to radios/televisions via Emergency Alert System.
