H.R. 6387 would establish a council within the Department of Homeland Security (DHS) to coordinate policies and activities that enhance the security of schools and daycares against acts of terrorism. The council would consist of representatives from multiple DHS offices and subagencies. Beginning January 30, 2023, the bill would require the council to prepare an annual report for the Congress on DHS' plans and policies to enhance school security.

Using information from the cost of similar reports, CBO estimates that the cost of creating the annual reports to be insignificant, subject to the availability of appropriated funds.
