S. 3861 would require the Department of State and the U.S. Agency for International Development to report annually to the Congress about their staffing and programs in Somaliland, U.S. foreign assistance to that region of Somalia, and related matters. It also would require the department to assess and report to the Congress about potential cooperation with Somaliland on security, counterterrorism, maritime interests, and other matters.

On the basis of information about the costs to prepare similar reports, CBO estimates that satisfying that requirement would cost less than \$500,000 over the 2022-2027 period. Such spending would be subject to the availability of appropriated funds.

The CBO staff contact for this estimate is Sunita D'Monte. The estimate was reviewed by Leo Lex, Deputy Director of Budget Analysis.
